In addition to the standard tubular lock preparation that is included we can prep for most other lock systems. Two of the most common being mortise and multi point.

### **Mortise:**

### **Multi Point:**

Used on taller doors this lock has 3 points of contact from the top to the bottom of the door slab. Used often with large pull bars and simple lever systems.

## Modern Custom Doors

**Glenview Doors** custom pivot entry systems features massive 3.5" double rabbeted slabs that arrive as complete ready to install entries.

The combination of double rabbeted slabs and frame system create a tight weather seal and deliver superior performance in comparison to a regular pivot door. Models are custom built for each project and allow for slabs up to 5 feet wide and 10 feet tall and can be combined with fixed side panels or sidelights to complete wall system. Numerous stain / paint options are available in Mahogany and Oak. Also, aluminum exterior cladding options are available.
